

## IN SHORT

"Andrew is a patient, knowledgeable and personable helper of all things digital."

-Dimitri Smirniotopoulos; President at DSI Architects

## EDUCATION

School of the Art Institute of Chicago, Chicago, IL – BFA, 2011

Focused in Art & Technology, Visual Design and Interior Architecture.

Recipient of a Merit Scholarship award.

## EXPERIENCE

Intern, Capacitr.com; Chicago, IL – 2012

I wireframed, designed, and built a website. I also migrated content and wrote a JavaScript script to iterate through a list of products and output the manufacturer and product names as an api that could be used to automate the process of sourcing images in google.

Intern; DSI Architects; Columbus, OH – 2010-2011

I decided to take a semester off from school and work in the field. In addition to heading the design of a rooftop garden for a long-term acute care hospital, my duties included digitizing plans in AutoCAD, designing presentations, and building models.

Online Inventory/Sales Representative, Gramophone Records; Chicago, IL – 2009-2010

I sought to optimize the back-end of Gramophone's online record store- first by organizing their online inventory database and then managing the audio content uploaded to the site. I developed strategies to improve the quality of their online traffic and I assisted in-store customers find records/labels they would enjoy.

Website Administrator, B is for bounce (dot) com; Chicago, IL – 2008-Present

I design, manage, co-author, edit and market the content for the electronic music blog bisforbounce.com. I establish positive working relationships with the musicians we feature and work to combine all of our resources and propel Chicago Electronic Music forward.
